

CABLE TIES

CABLE TIE WITH FLAG

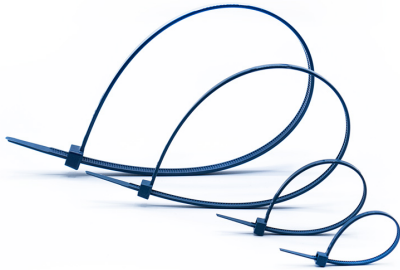

Cable Ties with Flags - Versatile Security Solution

Cable ties with flags are ideal for securing sacks, bags, and containers, including money and valuables containers or roll cages. The tie is easily secured by pushing the tip through the locking mechanism and tightening as needed. The long flag can be printed with a consecutive number, barcode, logo, or short text for easy identification. Removal requires a simple cutting tool. Suitable for use in boxes and containers, lattice trolleys, and sacks across sectors like banking, valuables transport, chemistry/pharmaceutical, airlines, post/courier service, and transportation. (SKU:3.04.610.K.BLUE)
